The survey will be made by the Sunday schools on Sunday week.

Mr. Alvin J. Reed, in charge of the dairy work of the extension work of the agricultural department, writes Mr. O. D. Horn, manager of the Monroe Creamery, that he is preparing to bring a car load of Jersey cows from Kentucky for an auction sale in North Carolina. He has not decided where the sale will be and is waiting to hear from sections that are interested. He wishes to know when such a sale would be desirable, and where, and the kind of stock needed. If the farmers are interested they should communicate with Mr. Horn.

Mr. John Vann is looking for a stray vote that got away from the election judges. He claimed that Mr. R. B. Redwine received a vote for President, and he wants it to go on the official records. If anyone finds it, Mr. Vann will appreciate it if he will bring it to him. Mr. J. C. Sikes claims that he voted for Mr. Charlie Iceman for President, and Mr. Locke Everett for Vice-President, but there is no record for this vote either. Two votes were cast for Mr. Bryan for President. Mr. W. O. Lemmond pleads guilty of one of them. One gentleman, evidently a South Carolinian by birth, voted for Ben Tillman for President, and Cole Bleas for Vice-President. At one precinct they didn't take time to vote their preference for President. At another precinct one Socialist vote was cast. It was for Brunson for President and (Mayor?) Kirkpatrick for Vice-President.

Mr. Jim Hinson, son of Mr. H. J. Hinson, has returned from Badin, where he had been working as a boiler maker for the aluminum company there. He says there is a demand for laborers to work in the "pot" room (where the aluminum is worked), but as the pay is only \$1.75 per day, and as the men are forced to work in a temperature of 120 degrees, it is not a very tempting proposition. It was brought out that Chal stabbed his wife on the left side, the knife blade striking her heart. For days she lingered between life and death. Jealousy with no apparent cause was said to be the motive.
